

C. CLASSES

School district is applying for the Class Size Reduction Facilities Funding Program for the following number of new classes that were established by the school district in 1996-97 solely for the purpose of reducing class size in the designated grades below pursuant to the Class Size Reduction Program contained in Chapter 6.10 (commencing with Section 52120) of Part 28 of the Education Code. The district confirms that it conducted these classes under Option One in the Class Size Reduction Program, (Education Code Section 52122(b)(2)(A)). (If school district did not operate Option One in the Class Size Reduction Program in 1996-97, it is not eligible for this facilities funding.)

R O W	Grade	Column 1	Column 2	Column 3
		Number of new classes required to reduce class size under Option One in 1996-97	Available teaching stations from Page 4, Part G, Line t, if applicable	Number of teaching stations eligible for Class Size Reduction Facilities Funding
1	First		—	4
2	Second		—	4
3	Kindergarten and/or Third		—	4

STOP: The remaining instructions pertain only to those school districts and charter schools that must qualify for funding under the alternate method in Parts E - G of the application. There is no advantage to a school district in the State School Building Growth Program in completing Parts E - G.

PART H MUST BE COMPLETED BY ALL APPLICANT SCHOOL DISTRICTS

D. SNOW LOAD

The Governing Board of the above-named school district certifies that a number of the new teaching stations for class size reduction facilities funding will be portables purchased by the school district and located at school sites that require the portable to withstand 40 pound or greater snow loads. The Governing Board further certifies that the number of such purchased portables built to withstand snow loads of 40 pounds or greater is _____ (This number cannot exceed the number of teaching stations identified in Column 3, Part C).
